CES Environmental Services: The EPA completed on-site response Activities on June 10 , 2015. The TCEQ executed the agreement with the PRP Group for continuing assessment and cleanup activities through the TCEQ Voluntary Cleanup Program. The EPA is monitoring the progress and to date it appears to be minimal.

Subject: CES and Camp Minden Removal for Admin Report

Hi Chris and Ronnie,

We need, as soon as possible, a short write up for the Admin Report on the CES Activities and the completion removal at Explo in Scout for next week. Carmen Assunto is finalizing the Admin Report as we speak, and it came up in our meeting that this info had to go in it.

Thanks,

Cary Martindale
